# available publications

**Pm. 414—Grade A Dairy Sanitation** by W. S. LaGrange and E. O. Wright, extension dairymen (manufacturing). This 12-page publication is an adaptation of the Grade A Pasteurized Milk Ordinance recommended by the U. S. Public Health Service and adopted by the state of Iowa. Producers of Grade A milk planning changes in present facilities and farmers with thoughts of entering Grade A milk production will find this bulletin helpful in spelling out sanitation requirements.

**Pm. 409—Profitable Corn Production** by E. R. Duncan, extension agronomist. This 12-page pamphlet covers realistic yield goals, suitable varieties, early planting, plant population, row spacing, fertilization, pest control, harvesting and marketing. Included is a detailed cost analysis for producing 100-bushel corn.

These publications are available at many local Iowa State University extension offices and can be requested from: Publication Distribution Room, Morrill Hall, Iowa State University, Ames, Iowa 50010.
